Profile

Enthusiastic and detail-oriented individual with a strong educational background in Computer Science, seeking an entry-level position as a Data Analyst. Possesses solid analytical and problem-solving skills, combined with a willingness to learn and contribute effectively to a dynamic team.

Education

Aug 2023 – Present

Information Technology Solutions, Humber College

Currently studying as an international student.

Aug 2019 – Aug 2022

BSc. (H) Computer Science, Delhi University

Graduated with First Division (8.25 CGPA).

Best Sports Person 2022.

Technical Skills

- **Programming Languages:** Python, SQL, R, JAVA, C#, C++
- **Web-Dev Language:** HTML, CSS, JavaScript, React
- **Data Analysis Tools:** Pandas, NumPy, Scikit-Learn
- **Data Visualization:** Tableau, Matplotlib, Excel
- **Database Management:** MySQL, SQLite, Github

Soft Skills

- Teamwork
 - Time Management
 - Attention to Detail
 - Problem-Solving Skills
 - Communication Skills
 - Collaboration Tools
 - Presentation Skills
 - Adaptability
-

Projects

Bike Dataset | February 2024

- Analyzed and visualized a dataset of London bike dataset, demonstrating proficiency in data manipulation with Python and data visualization techniques.

Websites | January 2023 – July 2023

- Created and hosted websites using Django, NextJS, and other frameworks. My project websites are available in my GitHub profile which I can provide.

Employment History

IT Support Intern | Gao Tek

In my role as an IT Support Intern at Gao Tek, I honed my technical and collaborative skills, contributing to the efficiency of the team. Key responsibilities included:

- Meticulous documentation of intricate support procedures and issue resolutions.
- Knowledge-sharing with team members, actively contributing to the development of internal knowledge bases.
- Active participation in team meetings and valuable contributions to ongoing projects.

Data Analyst | Everest Football Academy

- Assisted in data collection, cleaning, and preparation for analysis, ensuring data integrity and accuracy.
- Contributed to the creation of visualizations and dashboards to communicate insights effectively.
- Conducted exploratory data analysis to identify patterns and outliers, supporting decision-making processes.
